

Since our last newsletter, it has been an active few months for TradeAssets. There has been progress on all quarters – key client sign ups, strategic collaborations, entry into new markets, events and conferences and more key team members in strategic roles.

New Member Banks

TradeAssets welcomed leading global and regional banks such as Sumitomo Mitsui Banking Corporation, Abu Dhabi Islamic Bank, First Abu Dhabi Bank, National Bank of Bahrain, Al Masraf, People’s Bank, Midland Bank, NRBC Bank, Jamuna Bank & Emirates Islamic Bank to our growing ecosystem, with our total number of members rapidly approaching 50.

New Team Members

TradeAssets has made more appointments over the past quarter. Umair, Rajat, Ajit and Chitro have joined the team in strategic roles in Karachi, Dubai, Bangalor and Boston, respectively.

UMAIR ABBASI
Executive Director

RAJAT MITTAL
Advisor to Board

AJIT NAIR
Advisor to Board

CHITRO NEOGY
Chief Product Officer

Strategic Partnerships

The Dubai Multi-Commodities Centre (DMCC) recently signed a strategic partnership with TradeAssets. DMCC will strategically assist TradeAssets with lead generation and business development and help us identify eligible partners. This should help us gain access to a larger client base of institutional investors looking to mitigate or participate in trade finance risk.

GTR Americas and BAFT

TradeAssets was represented on a Fintech panel at GTR Chicago in June. We also presented our product in BAFT's last monthly meeting with US Member Banks.

Client Events

Continuing with the traditions of the local culture this summer, TradeAssets hosted Iftar dinners for about 100 clients at three separate events in Dubai and Dhaka.
